Subject: HPNS: draft talking points and Q&As for DRC meeting
Attachments: DRC Talking Points_Q&As_rev1.docx

Attached is a revised draft of the talking points and Q&As for Enrique. Yolanda suggested some additional topics for Q&As which I included as a comment.

Subject: draft framework for today's discussion

Here's a starting point for today's discussion. I do not expect us to complete this on the call, but rather talk about whether this is a good approach to laying out issues to ensure we have a good strategy for the DRC meeting. The challenge as we pull this together will be making it comprehensive and clear enough that EM could potentially use it to guide him through the DRC meeting by himself, if the DRC ends up deciding to exclude us.

The more we can lay things out today, the better, but then I'd like Wayne and the appropriate team members to run with certain sections by a date to be determined early next week.

Talk with you soon,

John
